PRICES SUBJECT TO CHANGE WITHOUT NOTICE

INDIAN SUMMER RED RASPBERRY

"Everbearing"

This is a cross between Lloyd George and a seedling. Bears a spring-summer crop and a fall crop. A grower here is enthusiastic about it, saying recently this fall that his plants grew large and had a fine crop of wonderful, large, delicious berries when he told us, and he wanted a lot more plants. We have a **VERY LIMITED NUMBER** of these plants ready to ship now.

STRAWBERRY RHUBARB

This variety is grown extensively in the north and in many home gardens here in the south. The following prices will hold through January; after that the price will be at the 100 price straight. Less than 1000 take 100 rate.

STRAWBERRIES

| | 100 | 1000 |
